

European YA & SSEHV CAMP

Athens, Greece

16 - 24 August 2025

"The mind alone is responsible for all the sorrows and difficulties as well as happiness of the human beings. Several people consider the mind as very bad and call it 'monkey mind'. In My opinion, it is not monkey mind; it is 'mankind'. It is always kind. It is the mind that gives you joy and happiness. It is again the mind that causes you worry and sorrow. If only you can keep the mind in proper state, nothing can be bad. You consider the mind also as divine. Then you will always be happy. "
