SaiArt Retreat 2026

„ALL IS ONE – ALL IS GOD“

**Sai Prema near Athens, Greece
April 18 – 28, 2026**

„No one should be deceived by the diversity of names and forms in the material world. When the reality behind diversity is recognized, it becomes clear that Brahma is the Supreme and Absolute, the source, the basis, and the end point of development.“

Sathya Sai Baba, „Sutra Vahini, 28th Sutra“

Welcome to the SaiArt Retreat!

In April, Greece spreads out a springtime carpet before us and inspires us with beauty and wisdom.

This year, we will explore the teachings of Sathya Sai Baba and the Greek philosopher Parmenides on being, on oneness, on the unchanging One. Through lectures, we will learn more about and deepen our experience by incorporating them into our creative activities.

We will have plenty of time for individual creative projects: music, painting, drawing, mandalas, sculpture, writing, theater, dance, video, photography, textile art, land art... and whatever else you would like to do. Don't be shy, you don't need to be a professional. Love and devotion are the most important things.

We will also have morning prayers and evening prayers, study circles, short workshops, and excursions. We want to visit the Sathya Sai Center in Athens and sing with the Greek devotees. During the SaiArt Retreat, we will have a cultural evening where we will share our experiences and our works with guests.
